## About Me

---

I'm Luke Harrison, a 20-year-old Computer Science student at Coventry University. I'm an avid gamer and compete competitively in Fortnite, Apex Legends, and Rainbow Six Siege. I love exploring new technologies and software development.

My goal is to become a skilled software developer and to apply my skills in solving real-world problems. I'm passionate about technology and want to use it to make a difference in the world.

My vision is to create innovative solutions that will improve people's lives and make the world a better place. I'm a highly motivated individual who is always eager to learn and grow, and I'm excited to see where my passion for technology will take me.

## Education

---
